Review of Arab Health 2022

We have attended Arab Health International Fair from the 24th to the 27th of January. Due to the pandemic, our representatives helped us to entertain customers on the booth of Arab Health.

This is our the 12th year for continuous participation in Arab Health. It is the important fair

that gathers many professional purchasers and company executives.

Although we can't go abroad, our new and popular products were presented on the booth. Y8t is the new electric hospital bed that was researched and designed by SAIKANG engineers in 2021. The

matches of nice color and modern designs attracted many people to coming to our booth. Other supporting products, like popular nursing trolley, over-bed table and mattress, were still exhibited there. Many visitors consulted carefully with our representations and had good impressions.

Now, some photos were shot on the booth. They show that visitors go to our booth and communicate about our products. Welcome to see complete set of products on our website(www.saikangmedical.com) or download a product catalogue for references.

We are looking forward to meeting you face to face the next Arab Health Fair, when the pandemic passes away.

The company Held a Family Activity to Celebrate the Lantern Festival

As one of important Chinese traditional festivals, the Lantern Festival has its saying that Chinese new year usually lasts for 15 days until the Lantern Festival comes.

In order to realize the varieties of after-work activities, emotional communications of employees and warm atmosphere of this festival, party branch of SAIKANG, labor union, and women's federation jointly carried out the activity

around the theme of "Golden Tiger New Year to send auspicious, happy parent and child to celebrate Lantern Festival". We arranged activities like emotional movie, exhibition visit of aging products, handmade lantern making, guessing lantern riddles and taste of Yuanxiao in the afternoon of the 13th of February.

On the 15th of February, the day of the Lantern Festival, SAIKANG

prepared delicious traditional food of Yuanxiao for all employees.

Several activities about Lantern Festival enriched staff's spare time, promoted Chinese traditional culture and created peaceful festival atmosphere. Employees can felt warmth and wishes from the company through activities. And their cohesion and centripetal force have been further improved.

United to Fight the Epidemic SAIKANG Donated Medical Supplies to Epidemic Control

Spring means hope. The beginning of a year could have brought us hope. But the outbreak of epidemic suddenly made us feel cold both psychologically and physically. It is our common responsibility to protect ourselves against the epidemic. SAIKANG responded quickly and actively to this epidemic and aimed to contribute to the fight of the epidemic. Not only SAIKANG did well in the epidemic control, but also donated medical supplies.

On Feb 28th, through the Charity Federation of Zhangjiagang city, SAIKANG donated a batch of medical supplies worth 264,800 yuan to the Third People's

Hospital of Zhangjiagang city. These supplies were used for epidemic control and hospital construction. Zhu, party general Branch secretary, presided over the donation ceremony. Leadership of the Third People's Hospital and the GM of SAIKANG attended this ceremony.

Meanwhile, Jiang, the director of hospital, expressed his gratitude to SAIKANG company for medical supplies, thanked manager Michael and the company for their commitment to public welfare, moved by SAIKANG's support for hospital's development. Meanwhile, the director said that the hospital will improve

the technology and optimize the service all the time.

Michael, SAIKANG's GM, believes that donations of medical supplies will be of great benefits to the epidemic work. SAIKANG should take responsibilities positively as an enterprise to contribute to the society. In the future, we will continue our public welfare and take practical actions concerning medical causes. show sincere thanks to them for their great contributions.

Now, all departments will be well prepared for possible challenges in 2021 and look forward to bright future.

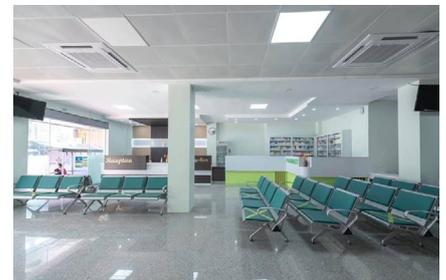

Thanks for **your trust!**

Moe Thukha Hospital

Date: 2022-01-06

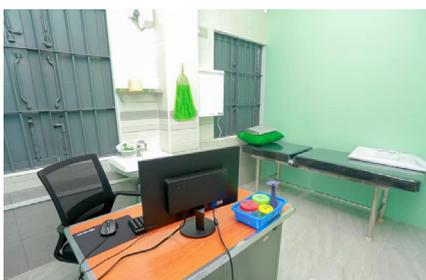

Glad to receive beautiful photos from Moe Thukha Hospital. As we see in images, the hospital facilitates itself with electric beds, manual beds, operating tables and mattresses from SAIKANG.

Pyay Myanmar Hospital

2022-01-06

Thank Pyay Myanmar hospital to share these Photos with all. The hospital equips 60 set of beds and mattresses from us. We are happy to participate in this medical project.

HB421

ELECTRIC HOMECARE BED

Our New Homecare Beds will be Launched sooner

We show great gratefulness for Research Department to bring exciting information that our new home-care beds will be launched sooner. Engineers has been committed to designing and research for several months. Then, we have home-care bed series of HB400. Following images are our new designs of home-care beds HB421 and HB422. They all equip the latest technology and elderly-friendly designs. Hope these thoughtful designs can meet your requirements.

HB422

ELECTRIC HOMECARE BED

User's Safety and Comfort from Homecare Bed

The physical health and psychological well-being are hot topics for elderly people. Safety is an important quality feature for a nursing bed. Beds' systematic fall prevention can reduce the risk of falling out of the bed. The consequences of falls are very serious for elderly people, even irreversible in the worst case.

The fear of further falls is one of the most common psychological consequences, leading to limited physical activity, a loss of self-confidence and social isolation. Our beds meet the requirements of modern nursing care: high safety standards hand in hand with a cozy design.

Our innovative solutions can reduce falls as well as the consequences associated with falls. It is a wonderful match of safety, mobility, height adjustable and coziness. All these features cater to the needs of people who are spend a lot time in bed. The adjustability makes beds more appropriate than a standard bed for providing comfortable support and enabling caregivers to deliver quality care.

In brief

New changes in SAIKANG' s Warehouse and Show Room

In recent years, many changes have happened. The expansion of warehouse building has been completed successfully. And it has been put into use since last year. It means that we can tolerate more stock beds for customers. Besides, our show room was designed and decorated again. We add many new show rooms, like operating room, nurse station, VIP rooms and so on. Welcome domestic and foreign customers to have a visit.

SAIKANG' s Work Mobilization after 2022 Chinese Spring Festival Holiday

One meeting of work mobilization was completed successfully on the 7th of February. Firstly, many outstanding employees were honored. Secondly, agreements on aims of each department were signed by supervisors. Finally, arrangement of 2022 key tasks were implemented by the general manager. Hope new breakthroughs will be made in 2022.

SAIKANG' s Celebration of International Women' s Day in March

With women, the world appears more particularly beautiful. On March 8, for the celebration of International Women' s Day, SAIKANG team, labor union and women' s federation jointly organized two wonderful activities of handmade DIY flowers and DIY cakes. Then, every goddess finished their own flowers and delicious cakes on this special day.
